# Smart ESG Chat Assistant – Powered by DEISO AI

## Ask Questions Anytime

About any slide, module, case study, or standard

## Review Training Content

Interactively without scrolling through manuals

## Reinforce Learning

Instantly test concepts and clarify confusing topics

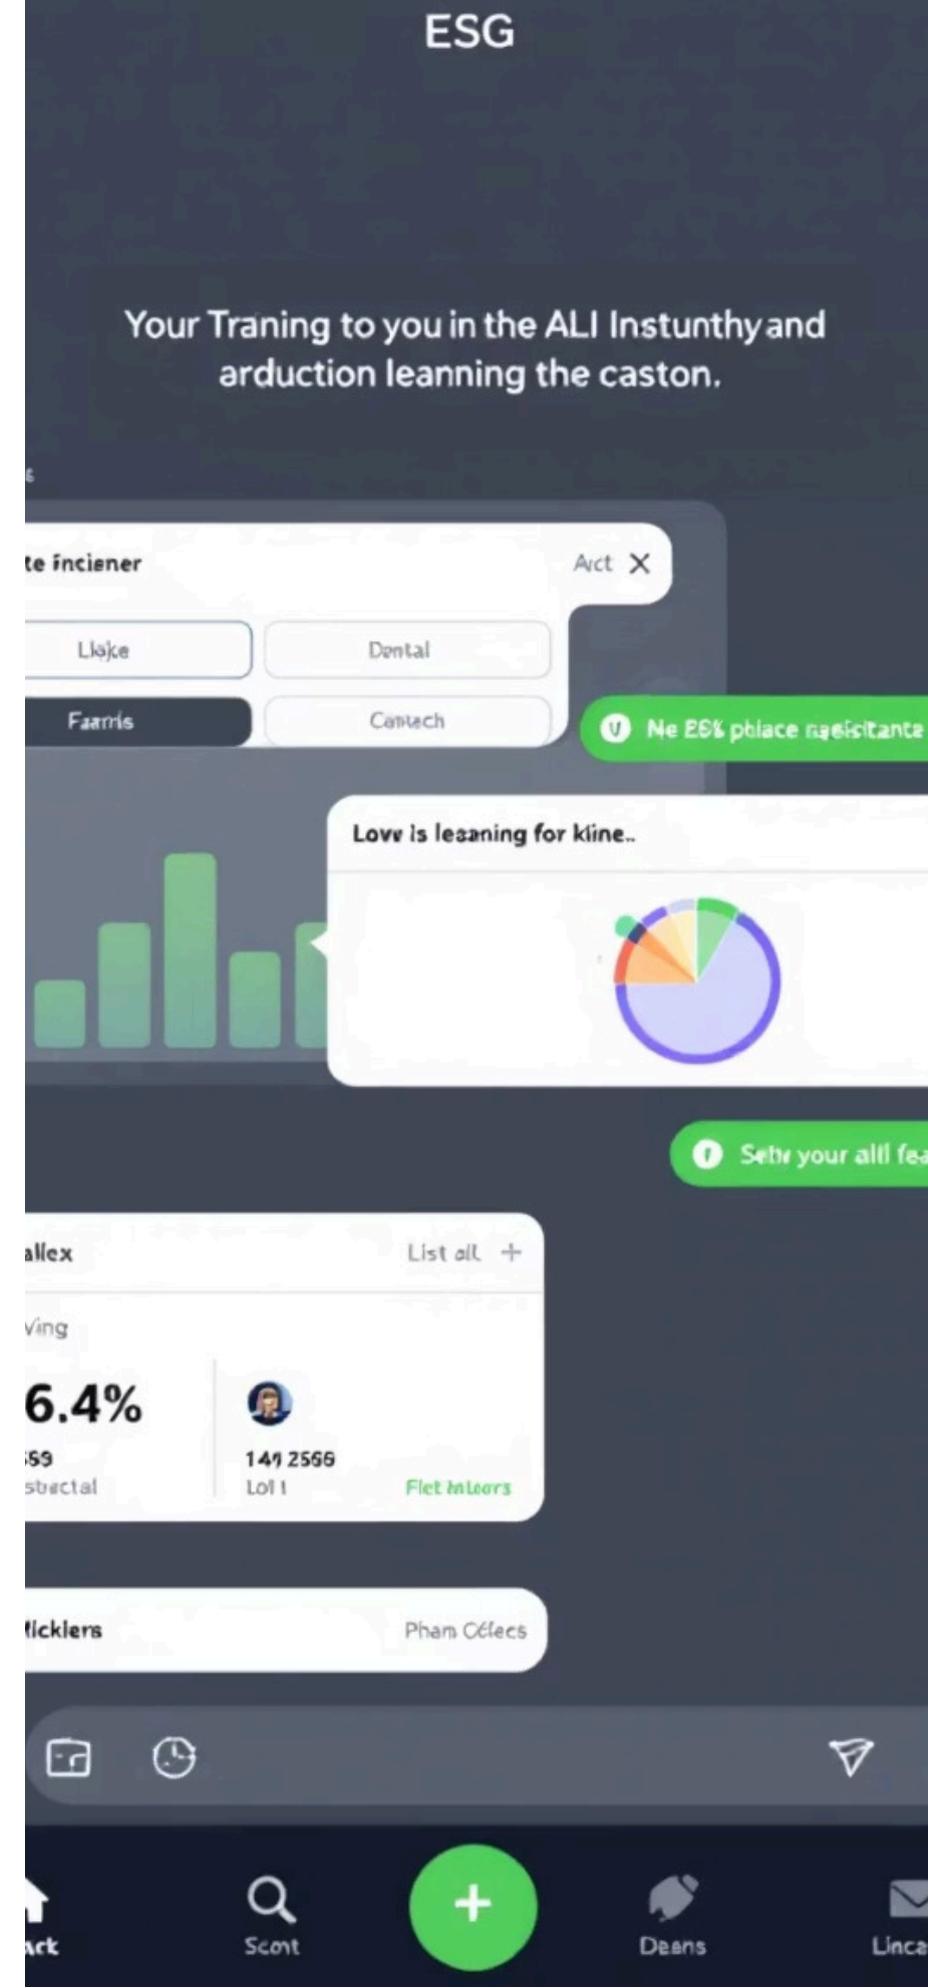

## Practice ESG Disclosure

With smart prompts and ESG logic feedback

Every participant in this program gains 24/7 access to an exclusive **AI-powered ESG Chat Assistant**, built and hosted by **DEISO AI**. This intelligent companion is integrated across the entire training.

This is not a chatbot — it's a strategic AI tutor. Available anytime, anywhere. No extra fees. No downloads required.

# ESG Practice Toolkit

## High-resolution Diagrams

Downloadable diagrams for every module and slide

## Excel Templates

For materiality analysis, KPI tracking, Scope 1–3 mapping, stakeholder matrices, etc.

## AI-enhanced ESG Files

For real-time report generation, risk modeling, and forecast planning

## Editable Templates

For ESG disclosures, executive summaries, DEI plans, and assurance frameworks

## Report Samples

From Microsoft, BP, Unilever, Toyota, and Nestlé

This training comes bundled with a high-impact **ESG Practice Toolkit** — a professional-grade suite designed to **turn learning into action**. Ideal for both **individual learners** and **corporate ESG teams** preparing real-world disclosures.

# Program Overview

The **Strategic ESG Mastery & AI-Powered Reporting for Enterprises** is a fully integrated 17-module learning journey designed to transform how professionals approach ESG.

This is **not theoretical training**. It is immersive, tool-supported, and built to drive **real organizational change**.

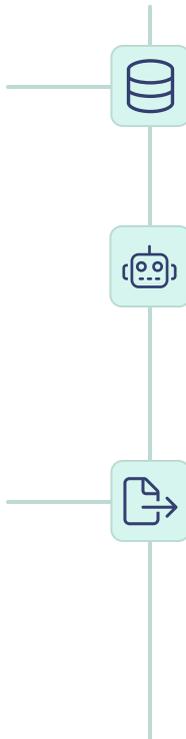

# AI-Powered ESG Modules

## Module 14: AI for ESG Data Collection, Monitoring, and Dashboards

Automate emissions, DEI, audit, and stakeholder tracking

## Module 16: AI-Enabled Executive ESG Report Generator

Excel & Chat → PDF, PPT, Markdown

## Module 15: AI-Powered ESG Reporting, Risk Forecasting, and Automation

Generate full reports on demand

These modules redefine ESG practice by integrating AI tools into daily ESG operations.

# Training Modules 1-9

- |   |   |
|---|---|
| 1 | ESG Landscape, Definitions, and Global Fundamentals                 |
| 2 | ESG and Corporate Value Creation                                    |
| 3 | ESG Frameworks & Regulatory Standards (GRI, SASB, CSRD, TCFD, SDGs) |
| 4 | Environmental Criteria: Risk, Measurement, and Reporting            |
| 5 | Social Criteria: Human Capital, DEI, and Supply Chains              |
| 6 | Governance Criteria: Ethics, Compliance, and Board Oversight        |
| 7 | Materiality Assessment & Double Materiality                         |
| 8 | Stakeholder Engagement and Communication Strategy                   |
| 9 | ESG Ratings, Indexes, and Third-Party Assurance                     |

# Training Modules 10-17

- ESG Report Structuring and Best Practices
- Case Studies: Failures and Success Stories (e.g., Unilever, Apple, BP, Nike)
- Future ESG Trends: Regulation, Green Finance, and Climate Risk
- Demonstration of ESG Reports from Leading Companies

## Modules 14-16: AI Integration

- AI for ESG Data Collection, Monitoring, and Dashboards
- AI-Powered ESG Reporting, Risk Forecasting, and Automation
- AI-Enabled Executive ESG Report Generator (Excel & Chat → PDF, PPT, Markdown)

## Module 17: Capstone

- Comparative ESG Reporting Case Studies

# What You Will Accomplish

## **Build enterprise-level ESG strategies**

From zero to audit-ready

## **Align with major frameworks**

GRI, SASB, CSRD, SDGs, TCFD

## **Create investor-grade ESG reports**

Using both manual and AI-powered tools

## **Present ESG insights with confidence**

To boards, investors, and rating agencies

## **Automate ESG processes**

Forecasting, benchmarking, and data assurance

## **Improve rating performance**

And risk exposure mitigation

By the end of the program, you'll be equipped with practical skills to transform your organization's ESG approach.

**No Technical Background Needed** - No AI or coding knowledge required. Tools and templates provided—just bring your strategy mindset.
